## Conditional formatting

Conditional formatting offers a great way to highlight important information or visually alert you when something needs attention. Learn how to use Conditional formatting here or below.

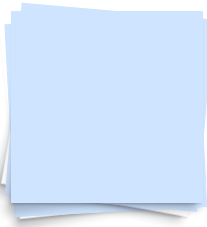

**Add conditional formatting in Lucidchart**
Lucid

🖥 **Lucidchart basics**

Sticky notes

Backlog

Set your own work in progress (WIP) limit by selecting the "In progress" swim lane, opening up the contextual panel and changing the field underneath **"WIP Limit" in the data tab.**

Sticky notes

In progress
WIP Limit = 5

Sticky notes

Done

Automatically import a list or file to a set of sticky notes!
Begin by clicking **"Import list"** in the sticky notes shape library panel.
